Listings for uses of the Internet in the classroom at <http://www.merrybee.info/book.html>

- <http://www.lil-fingers.com/abc/intro.html>
ABC Mommy And Me. Type: mouse & click
Agile letter pairs maneuver onto the screen. Click to hear capital in adult voice and lower case in child voice. Click big arrow to go to next or previous letter. grades. preschool-k
- <http://www.123child.com/>
Activity Idea Place. Type: teaching preschool
Activities, articles, chat board. Each activity is described in a paragraph and many are illustrated. Activities are indexed in the areas of: animals, seasonal, self concepts, colors, food, months, and miscellaneous, with a section Just For Toddlers (includes 60 activity ideas).
grades: preschool
- <http://www.alfy.com/>
Alfy. Type: mouse & click
Variety of interactive stories, games, and activities for ages 3-8. Adult will need to identify the pages within the site that are appropriate for the child to do independently, and probably will want to bookmark specific activities. Depending on the activity, the preschooler may need initial supervision to recognize parts of the display screen that are not part of the activity. grades: pres-3
- <http://www.alphabet-soup.net/>
Alphabet Soup. Type: adult led
Thematic units with online and offline activities. The AlphaBites section has lots of ideas for teaching the letters of the alphabet. The kindergarten teacher who created the site uses banner ads to be able to offer all materials free except for a storybook and personalized letters. Teacher/Parent message board. grades: preschool-2
- <http://www.brainconnection.com/teasers/?main=bc/bear>
Bear Wear. Type: mouse & click
Once the adult has set up the game and given the on-screen instructions, then the child who is learning the sound-symbol relationships of letters can click through this game. Requires Macromedia Shockwave. Hint: bring the edges of the browser window in to the edge of the game area. grades: preschool-1
- <http://www.uptoten.com/kids/boowakwala-home.html>
Boowa & Kwala. Type: adult led
Over 400 games, song, stories and other activities. Icons indicate to the adult the skill development promoted by the activity and the level of adult participation needed. The child only needs to move the mouse for the simplest games. Additional features for adult and child with free registration for a User Account. Labeled ad sections. You may find yourself in the companion site for ages 6 to 10. grades: preschool-1
- <http://www.charlieandlola.com>
Charlie and Lola Type: mouse & click
Companion site for British TV series (Disney Channel in US) based on the books by Lauren Child. Child responds to spoken directions for activities by clicking the mouse. grades: preschool-1
- <http://chubbiecubbie.com/prekacts.htm>
Chubbie Cubbie's Preschool Activity Ideas. Type: teaching preschool
Alphabetical list of activity themes. Note that a listed title may have more than one activity described under it. Easy-to-read descriptions tell how to prepare and to carry out each activity. All listings in the Site Directory frame at the left lead away from this specific section and back to a main site that is quite commercial. grades: preschool

- http://www.inventionatplay.org/playhouse_cloud.html
